PROFESSIONAL SUMMARY

Cloud Support Engineer with hands-on production experience in AWS, Linux administration, and infrastructure maintenance. Skilled in server migration to the cloud, Kubernetes and Jenkins CI/CD pipelines, PostgreSQL administration, and Nginx web server management. Proficient in monitoring production systems with Zabbix, Grafana, Kibana, and AWS CloudWatch to maintain high availability and performance. Focused on automation, troubleshooting, and system reliability in fast-paced DevOps environments.

TECHNICAL SKILLS

Cloud & DevOps: AWS, Azure (Basics), Terraform, Docker, Ansible, Kubernetes

CI/CD & Automation: Git, GitHub, Jenkins, Bash shell scripting

Databases: MySQL, PostgreSQL, Postgres Backup/Restore

Monitoring & Reliability: Zabbix, Grafana, AWS CloudWatch, Alerting, RCA & DR

Linux Administration: Rocky Linux, CentOS, Patching, Server Configuration, Nginx, Apache

Hardware & OS: PC Assembly, OS Installation, Hardware & OS Troubleshooting

PROFESSIONAL EXPERIENCE

Exotel Techcom PVT. LTD.

Product Support Engineer – 1 (Cloud Support & Maintenance) March 2025 – Present | Gurgaon

- Performed regular application patch upgrades across multiple Linux virtual machines using Jenkins CI/CD pipelines, keeping production environments secure and up to date.
- Led migration of call servers from on-premise data centers to AWS Cloud, supporting infrastructure modernization and improved scalability. (50 + Servers)
- Carried out PostgreSQL maintenance — VACUUM, REINDEX, backup, dump, restore, and health checks — to improve database performance, data integrity, and backend stability.
- Analyzed system logs, infrastructure alerts, and performance metrics to troubleshoot production issues, reducing downtime and improving system reliability.
- Managed Nginx web servers end-to-end — configuration, performance tuning, and production issue resolution.
- Monitored infrastructure and application performance using Zabbix, Grafana, and Kibana, proactively identifying incidents and coordinating timely resolution.
- Managed core AWS services and performed routine maintenance activities with minimal service downtime.
- Delivered L2/L3 production support across application, infrastructure, and cloud-related issues while meeting SLA requirements.

PROJECTS

Secure Cloud Simulation

- Designed a client-side cloud security simulation focused on protecting data in transit and at rest within cloud infrastructure.
- Implemented encryption workflows to secure client data before upload and during storage, demonstrating applied cryptography concepts in a cloud context.
- GITHUB: https://github.com/PrathameshBhoge/Secure-Cloud-Simulation#

AWS Blue-Green Deployment on AWS

- Built a Blue-Green deployment architecture on EC2, ALB, Route 53, and ACM for near-zero-downtime releases (<1 min cutover) with HTTPS/SSL and independent target groups per environment.
- Automated EC2 provisioning via User Data scripts and enabled traffic switching between environments through ALB target groups for safe deploys and rapid rollback.
- Link: https://lnkd.in/p/dGtpU26Q

Static Website Hosting on AWS S3

- Deployed a static website on Amazon S3 Static Website Hosting with configured bucket policies, Block Public Access settings, and IAM access controls for secure public delivery.
- Link: https://lnkd.in/p/d2XuKQFp

CERTIFICATIONS

- AWS- Cloud Practitioner: Credly badge
- AWS- Cloud Practitioner Essentials: certificate link
- Cloud Computing with AI — Jetking Pvt Ltd., Nagpur (hardware diagnostics, Windows/Linux installation & user management, networking fundamentals — IP, OSI model, TCP/IP, UDP, DHCP, DNS — and AWS Cloud basics)

EDUCATION

B.Tech in Computer Science & Engineering Graduated May 2024

Rashtrasant Tukadoji Maharaj Nagpur University Nagpur, Maharashtra |

ACHIEVEMENTS

Customer ownership Award - Exotel

Runner-up, Flipkart GRiD 6.0

Top 10 finish, Inter-College Coding Contest

1st Place, Inter-College Hackathon 2023 — representing KDK College

SOFT SKILLS

Problem Solving | Adaptability | Versatility | Communication | Team Collaboration | Creativity
